(MATCHING AMOUNT; REBATE NOT TO EXCEED 50% OF TOTAL PROJECT COST)

Mid-Ohio Energy is offering rebates to cooperative members for the installation of insulation and air sealing in existing electrically heated residential homes. This rebate is available only to members. Upgrades must be completed between July 1, 2022 and June 30, 2023.

SPECIFIC REQUIREMENTS: Insulation and air-sealing upgrades must be installed by a licensed contractor. Do-it-yourself insulation and air-sealing upgrade projects are not eligible for this rebate. All projects must comply with applicable federal, state, and local laws and building codes.

To meet insulation requirements, contractors must follow ENERGY STAR® guidelines.

A duct blast test is required for all duct-sealing upgrades, and a blower door test is required for all air-sealing projects.

Upgrades must be installed in an electrically-heated residential home.

All rebates are issued in the form of a check or a credit to the member's electric account. Only one application rebate per area per program year is permitted, with a lifetime maximum of two areas per home.
